NYSMEA Board Meeting - Jan22nd at Dowling College 10:00 am
Everyone welcome!

Since 1971, EPA has sponsored PEYA. The program recognizes young people across
America for projects which demonstrate their committment to the environment. Information about
the program is available at:

<http://www.epa.gov/enviroed/awards.html>

While the web-based application is not yet available on the web site,
you can obtain a hard copy by contacting Cecilia Echols in EPA's region
2 office: echols.cecilia@epa.gov 212-637-3678

"Cable Awards for Leaders in Learning"

We all know someone -- a teacher, administrator, community leader, or
public official -- who has made a difference in education. In school or
out, on a large or small scale, in practice or policy, these leaders in
learning improve teaching and learning. Whether that describes you or
someone you know, these agents of change deserve applause and recognition.

In addition to a three day all-expense paid trip to Washington, DC, winners receive a \$3,000 prize. Application deadline: January 2005. More at: <http://www.leadersinlearningawards.org>

CCMI - Keeping Reefs Alive Through Research and Education.

The Central Caribbean Marine Institute (CCMI) is proud to announce that the Little Cayman Research Centre (LCRC) is due to open Summer, 2005. The LCRC is the newest education and research facility located in the on the remote island of Little Cayman, part of the Cayman Islands chain. We are pleased to inform you that we are currently accepting applications for the 2005 Summer Program. Three field courses are available: Introduction to Coral Reefs, Structure and Diversity in Coral Reefs and the Teachers Institution: Introduction to Coral Reef Systems. Please visit www.reefresearch.org for more details and an online application. If you have questions concerning the program or booking the LCRC for your program or research, please e mail info@reefresearch.org .
