This year the air-fares/hotel rates again sky-rocketed with no real breaks in price among the better places. We tried every island, airline, dozens of resorts, before this decision. What with the Swine Flu we hesitated about certain places, particularly Mexico. And Jamaica is up with Mexico & Dominican Republic as the most popular value area. Melanie, Anita and Sylvia worked for more months than usual to find the nicest low-rise, non-stop flights, snorkeling right at beach, + many other amenities at the best price with an airfare that is less than astronomical. COME ENJOY!
JOIN US on this 46th trip. THE MORE FOLKS, THE MORE FUN. BRING SOME FRIENDS TOO!

If we had all e-mails, FAX, phones, we'd save time & \$44+/month = more efficient communication. Tell us.
